Dear Sir:

In the latter part of September 1953, when leaving your agency I requested a return of the retirement deductions that had been made from my salary.

In December 1953 I was informed by the Civil Service Commission that an amount would be withheld because of a claim of indebtedness that had been filed by your agency.

Since I know of no such indebtedness, I require an explanation.

The Civil Service Commission further informs me that, "Any question you may have concerning your indebtedness should be presented to the claimant agency..."

I am therefore, now directing this request to you.

Very truly yours,
